

## Rimex's Sustainability Programme

### Rimex Recycling

- Lowering environmental impact.
- Reduction of energy/KG.
- No leaching of chemicals into soil.
- Reduced impact through the recycling of stainless steel, packaging and PVC.

Environmental Policy  
adhering to  
**ISO 14001:2015**  
standards.

Stainless steel is

**100%**  
recyclable

Up to **85%**  
of stainless steel is  
from recycled content.

From basic surface finishes,  
through to colouring,  
patterned and MetalArt.

Adhering to  
**ISO 9001:2015** standards.  
Unsuitable material is re-processed  
or scrapped and recycled through our  
scrap dealer back into the stainless  
steel cycle.
